80%

EXPERIENCE

Netgains

Jr. Web Developer
June 2025 – Present

- Developed and customized Shopify stores including **zioncases.com**, improving storefront usability, performance, and overall customer experience.
- Integrated third-party applications and implemented advanced theme customizations to support business workflows and enhance store functionality.
- Built a **Custom** Draft **Order Payment App** for **zioncaseswholesale.com**, enabling a 40% upfront / 60% post-delivery payment model, streamlining wholesale order management and improving operational efficiency**.**

Netgains

Web Developer Intern
Jan 2025 – June 2025

- Designed and developed responsive interfaces using HTML, CSS, JavaScript, and WordPress, ensuring cross-browser compatibility and mobile-first performance.
- Developed and customized the Corebella website using WordPress and Elementor, implementing theme configurations, plugins, and responsive layouts for a professional final product.
- Worked on performance optimization, UI refinements, and testing to enhance usability and improve page load experience.

PROJECTS

Neighbour Goods ***(HTML, CSS, JavaScript, React, Firebase)***

- Built a web platform enabling users to trade, buy, and exchange goods within their local community.
- Implemented ride posting and booking functionality to enhance user engagement and connectivity.
- Integrated Firebase for real-time database updates and secure user authentication.
